Purpose of Contact: Preliminary action for Solar Ponds liners

Discussion

In preparation for pushing in the berms at the Solar Ponds, the Site intends to go ahead with peeling off the sides of the pond liners and laying them within the respective pond prior to PAM approval. This presents minimal risk for rework. CDPHE concurs that the risk of rework is very small. No other activities involving the berms will be conducted without further consultation with the CDPHE. Preliminary work on the liners will expedite completion of this project pending approval of the PAM.
